Halyk LevelUp tech sprints

SUPERAPPS & MINIAPPS MEETUP

CERTIFICATE

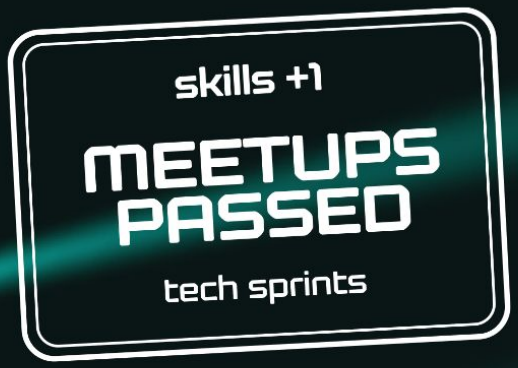

Achievement unlocked!

This certificate confirms that

Abdurrauf Sakenov

participated in the "SuperApps & MiniApps Meetup" and learned about modern approaches to designing digital ecosystems, developing mini-apps, and integrating advanced technologies, including the following topics:

- architectural approaches and technology selection: Native, WebView and Mini Apps;
- designing and scaling a mini-app platform for internal and partner services;
- integrating AI agents into enterprise systems and moving toward managed autonomy;
- practical application of FinOps in SuperApps and assessing the true cost of infrastructure.
